

The difference YOU could make!

Every dollar donated to Gilead's 2016 Quizine for a Cause provided basic life essentials to Gilead clients.

\$39 for the social program to buy **small flashlights** for clients who often walk to and from the Social Rehab Center in the dark.

\$300 as part of Kathryn's recovery at the ACT Program to buy materials such as clay to make jewelry when **coping** with problems.

\$50 for Gary at Gilead 1 to **perform** at Buttonwood during open mic night that use to be free but now has a \$5 fee to perform. He performed songs on a weekly basis and used it as a coping skill.

\$459 for Tyrone to pay his outstanding balance at the Passport Inn and Suites for two weeks while his new apartment was being prepared. He was homeless for 2 years before the ACT program helped him find his **new home**.

\$93 for 9 Town Transit Bus Tickets for clients at SCAP to ride the bus to **increase independence** by using the local 9TT instead of relying on rides. This gave the clients the chance to go to further places on their own.

\$575 for Eric at SCAP to cover the cost of an Easter Sales Driver Assessment that is required to complete by Guardian Ad Litem to determine safe driving skills so he can **drive on his own** making him more independent.

\$151 for James to pay his outstanding balance to continue to his **education** at Middlesex Community College. A balance was keeping him from registering for the Spring 2017 semester, your money helped him to start classes on time.

\$900 for Daniel's new moped that he uses to **sustain his independence** in the community all year long. His past moped he bought for himself had over 160,000 miles that he used to go to the grocery store, medical appointments, visiting family in Higganum.

\$155 for Dennis at Gap to receive a **CT Scan and Lung Cancer Screening** who has had a long history of COPD diagnosis when his Medicaid was having a "computer glitch," and was in pain.

\$1,000 for 12 clients through the agency to get **new sneakers** for the 2017 Road Race and to continue their journey on to a healthier lifestyle.
