

Private Tasting for 20 at Labyrinth Brewing

The craft beer movement continues to blossom across the country and in Connecticut. You may not have heard yet about Labyrinth Brewing in Manchester, but you will. And maybe you've tasted one of brewmaster Chris Walnum's award-winning beers when he served them here at Quizine the past two years. Now, Chris, and his partners have just opened Labyrinth in the historic district of Manchester, in a renovated manufacturing space. They've already received rave reviews, and a steady demand for their hand-crafted brews. This auction item features a private tour of the new brewery, tasting of Labyrinth beers for you, and nineteen of your beer-loving friends. You'll learn about the great Labyrinth beer lineup, and how Chris and his partners built a brewery from the bottom up. Cheers!

Item includes: A tour of the brewery, and a privately curated beer-tasting for 20 people with snacks. Twenty souvenir Labyrinth beer glasses and a Q&A session and cocktail hour with the brewers. Dates for the tour will be arranged with Labyrinth Brewing Company.
