

GILEAD
COMMUNITY SERVICES, INC
Improving Lives, Building Futures

Enrich Your Community by Hosting a FREE Mental Health First Aid Training Course

What is Mental Health First Aid?

Mental Health First Aid (MHFA) training teaches people without clinical backgrounds how to help someone experiencing a mental health challenge.

What does it mean to be a Gilead MHFA partner?

Partners provide training space and marketing, and in exchange receive FREE MHFA certification training for their employees or associates. Partner spaces should be able to accommodate at least fifteen participants and two trainers with audio/visual/Wi-Fi access.

When will Gilead offer these trainings?

Gilead will work with partners to coordinate dates and times. MHFA certification training is an 8-hour course. You can choose between one 8-hour session, or two 4-hour sessions.

Why should my organization commit to this partnership?

This is a unique opportunity to offer your employees, neighbors, and friends the chance to become MHFA certified for FREE. This training equips communities with the tools they need to effectively respond to mental health challenges safely.

These free MHFA training courses are possible thanks to a generous grant from The Cigna Group Foundation

To become a partner, please contact Jennifer Peifer at jpeifer@gileadcs.org
